A close-up photograph of a person's back wearing a blue mesh garment. The mesh is composed of small, interconnected squares, creating a grid-like pattern. The person's skin is visible through the mesh, and the overall tone is light and natural. The lighting is soft, highlighting the texture of the fabric and the contours of the back.

A photograph of a modern outdoor terrace at sunset. The scene features a glass railing, a pool of water reflecting the sky, and a paved area with large, light-colored tiles. The sun is low on the horizon, creating a warm, golden glow. The background shows a distant cityscape and hills.

Linha Via di Sassi

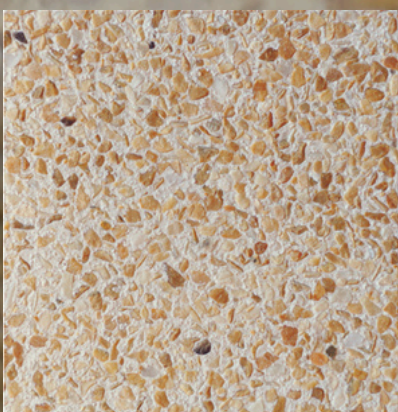

Constituída por matérias primas nobres, o principal diferencial desse produto são suas propriedades sensoriais: uma textura única retratada através das pedras naturais aparentes das peças.
